

Automatic Hook-Up Service Agreement

This Automatic Hook-Up Service (AHUS) Agreement is made and entered into this _____ day of _____, 20____ between Central Lincoln People’s Utility District and _____ (customer).

Customer hereby requests that Central Lincoln establish AHUS, in place of standard service disconnection procedures, for rental property or properties listed below when vacated by tenants. Additions or deletions to list of properties must be initialed and dated by customer. If customer is unable to do this in person, a signed written notice will suffice. Until these requirements are met, **no changes to list of properties can be made.**

Customer agrees that all electric usage recorded between tenants will be billed to customer for the specific unit involved, until service is signed for by a new tenant. Such billing will include all recorded electrical usage computed at Central Lincoln’s current rate, including pro-rated monthly billing minimum, if necessary. No application fee will be billed on this account.

Customer assumes all responsibility for settling any billing disputes between tenant and customer arising from the failure of a new tenant to notify Central Lincoln of their tenancy.

Customer further agrees that failure to pay for charges as billed will subject his/her service to disconnection in accordance with standard Central Lincoln policy, and all customer units covered under AHUS will be immediately dropped from the program.

NOTE: *If you request that Central Lincoln disconnect service to a vacant AHUS residence that is in your name, that service will be disconnected as soon as possible. Requesting a disconnection will automatically drop that account from the AHUS agreement. If you wish to reinstate the account, a service charge will be applied. If the residence is currently occupied, the tenant must be given 48 hours (two working days) notice to apply for service in his/her name. The applicant must then meet all Central Lincoln service and deposit requirements.*

This agreement will remain in effect until cancelled in writing by customer, or until Central Lincoln gives 30 days notice of such cancellation, except as provided by above-mentioned immediate cancellation.
