

One of our newest rebates is \$100 for the purchase and installation of an approved smart thermostat. See clpud.org for details.

A Quick Guide to Our Energy-Saving Rebates

We have many options to help you save.

Energy Star® Electric Clothes Washer purchase \$50 Rebate

Ductless Heat Pumps purchase and install \$750 Rebate

(PCTS) Duct Sealing purchase and install (existing manufactured or site-built homes) \$200-\$250 Rebate

Energy Star® Electric Clothes Dryer purchase \$50 Rebate

Multi-Head Ductless Heat Pump purchase and install Up to \$1,000 Rebate

Energy Star® Replacement Windows purchase and install \$3/sq. ft. Rebate

Smart Thermostats purchase and install \$100 Rebate

BEFORE starting any energy-efficiency project, please review program information and forms at clpud.org AND call our Energy Experts at 888-883-9879 to make certain your project qualifies.

Energy Star® Exterior Doors purchase and install \$40 Per Door Rebate

Energy Star® LED Light Fixtures purchase and install \$5 Per Fixture Rebate

Insulation for Site Built Homes (attics, floors, and walls) or Manufactured Homes (attics, floors) \$0.20/sq. ft. to \$0.60/sq. ft.

Heat Pump Water Heaters purchase and install Tier 1: \$300 Rebate Tiers 2-3: \$500 Rebate

High-Efficiency Heat Pumps (conversions, upgrades, commissioning & controls) \$500-\$1,400 Rebate

NEEM-Certified Energy Star® Manufactured Home purchase \$1,200-\$1,400 Rebate

EV Level 2 Charging Station Rebate
installation/purchase
\$250

Solar Hot Water
installation
\$800/system

Residential Solar Electric
installation
\$500/kWDC
(max. \$2,000)

Commercial Solar Electric
installation
\$500/kWDC

Wind Electric
installation
\$500/kWDC
(max. \$5,000)

Micro Hydro
installation
.05/kWh/yr
(max. \$5,000)

Low-Cost Ways to \$ave

Home heating accounts for as much as 45% of most customers' bills. Some handy tips:

- Replace standard thermostats with smart thermostats. Their accuracy is much greater, and they'll help lower your heating bill while increasing your comfort level. You can program them to automatically turn the heat down at night and when you are at work. And they'll turn it back up in the morning so your home will be nice and warm when you wake up.
- Dirty furnace filters or baseboard heating elements waste heat by blocking the air flow. Be sure to clean or replace the air filters in your furnace every three months during the heating season. (Put a note on your calendar to remind yourself.) And remember that many forced air heating systems have two or more filters.
- Don't block heat registers, baseboard heaters or radiators with drapes and curtains.
- Don't close registers on central "ducted" heating/cooling systems. This increases the air pressure within the ducts and can lead to an increase in air leakage.
- Carefully remove covers from electric baseboard heaters and vacuum dust and dirt from the fins. Make sure to securely replace the covers.
- For fan-forced heaters, remove grills and wash them in hot soapy water, then dry. Vacuum off blower wheels only. Don't attempt to vacuum the heating element. Instead, blow dust off the element with the blower side of a vacuum or a blow dryer.
- Close fireplace damper or glass doors when not in use. (Make sure your fire is completely out!)
- Seal any holes in walls, ceiling or floor.
- Weatherstrip around windows, doors and attic access.
- Seal leaks in heating ducts and insulate to an R-11 level. Use mastic and high quality duct tape to make repairs.
- Use V-weatherstripping for door top and sides.
- At door bottoms, replace missing gaskets or install door sweeps.
- Seal electrical outlets on exterior walls by installing inexpensive gaskets inside the face plate.
- Use rope caulking or V-weatherstripping to better seal windows.
- Seal holes around plumbing pipes in walls and floor with caulking compound or expanding foam spray.

Pay By Phone: 1-844-239-0076

Outage Line: 1-866-484-3783

Energy Efficiency Programs: 1-888-883-9879

Call us at 541-265-3211 or toll free at 1-877-265-3211

Your call will be answered by the first customer service representative available in Florence, Newport or Reedsport.

Office Hours: Mondays-Fridays, 8 a.m. to 5 p.m.

Florence: 966 Highway 101

Newport: 2129 N. Coast Highway

Reedsport: 440 Fir Avenue (Reedsport is closed 12-1 p.m.)
